I have always had a natural curiosity for technology and innovation, I am adaptable, resourceful, and an analytical individual with a passion for highly detailed work. My goal as a software engineer is to be able to continue to grow and develop my skills while helping bettering those around me. I am looking for a new challenge and believe your organization and I are a great match.

SKILLS
- JavaScript, Python
- Express, React, Django, HTML, CSS, EJS, Bootstrap, Bulma
